values.

Vote for Andy in the upcoming Sheriff's election.

In Andy Taylor's years of service in Mayberry, crime was a almost non-existent. His involvement with the youth was a proven essential part of the overall anti-gang strategy. His anti-drug slogan "make pickles, not meth" was never as catchy as "hugs not drugs" but it served its purpose in keeping Mayberry's drug use at a state-wide low. Andy looks forward to serving the people of this county in the coming years, and appreciates your support.
